Setting up an Interlibrary Loan/Scan and Deliver Account

Interlibrary Loan/Scan and Deliver is our document delivery service.

- Interlibrary is for books, book chapters, selected master’s theses and dissertations, and photocopies of a journal article or conference proceedings article from journals we do not own in our collection.
- Scan & Deliver is a service that provides quick, easy access to OSU Library's physical print collection (including microfilm/fiche). Library staff will scan and electronically deliver requested journal articles and book chapters to your ONID email.

The first thing you need to do is create an account. The same account is used for both services. Once you have one, it is active as long as you are a currently enrolled student at OSU.

If you have questions or need help setting up your Interlibrary Loan account, please contact the Reference Desk at (541) 737-7293 or the Interlibrary Loan office at (541) 737-4488 or email: valley.ill@oregonstate.edu.
